Certified quality

Calidad certificada

ISO 9001 is an internationally recognized quality management system (QMS). The ISO 9001 standard is a global reference in QMS, surpassing one million certificates worldwide. Providing the infrastructure, procedures, processes and resources needed to help organizations control and improve their performance and lead them towards efficiency, customer service and product excellence.

ISO 9001 es una norma de sistemas de gestión de la calidad (SGC) reconocida internacionalmente. La norma ISO 9001 es un referente mundial en SGC, superando el millón de certificados en todo el mundo. Proporciona la infraestructura, procedimiento, procesos y recursos necesarios para ayudar a las organizaciones a controlar y mejorar su rendimiento y conducirles hacia la eficiencia, servicio al cliente y excelencia en el producto.

The STANDARD 100 by OEKO-TEX® is a worldwide consistent, independent testing and certification system for raw, semi-finished, and finished textile products at all processing levels, as well as accessory materials used. It guarantees that Sauleda fabrics are made without any identified harmful substance that could be a danger to health, skin or the environment.

El STANDARD 100 de OEKO-TEX® es un sistema de pruebas y verificación independiente y homogéneo en todo el mundo para productos textiles brutos, intermedios y finales en todas las fases de fabricación, así como para los materiales y accesorios utilizados. Garantiza que los tejidos de Sauleda están elaborados sin ninguna substancia nociva para la salud, la piel y el medio ambiente.

Solar Pro

100% Solution Dyed Acrylic/ 100% Acrílico Tintado en Masa

1

LATEST TRENDS IN DESIGNS, COLOURS AND TEXTURES

We create environments and emotions. Bright colours, modern designs and trends. Sauleda not only manufactures awning fabrics but also authentic indoor and outdoor decorative solutions. What is the result? Designs and tonalities that inspire solutions for every moment. Choosing a Sauleda canvas means having the support of a great brand and the broadest catalogue in the market. In each case, Sauleda offers the solution best suited to the daily needs of the consumer.

ÚLTIMAS TENDENCIAS EN DISEÑOS, COLORES Y TEXTURAS

Creamos entornos y emociones. Colores vivos, diseños modernos, confort y tendencias. Sauleda no sólo fabrica lonas para todos sino auténticas soluciones de decoración.

¿El resultado? Diseños y tonalidades que inspiran soluciones para cada momento. Elegir una lona Sauleda significa contar con el apoyo de una gran marca y el catálogo más amplio del mercado.

EXCELLENT COLOUR FASTNESS AND OUTDOOR RESISTANCE

Solar Pro fabric is 100% acrylic solution-dyed, ensuring optimum colour resistance to UV rays and ensuring durability of colour and outdoor resistance over time.

There is no comparison with the ordinary processes of dying, in which the yarn of the fabric is simply inked, so that the dye only penetrates superficially in the external layers and the colour does not stand the test of time.

MÁXIMA DURABILIDAD DEL COLOR Y RESISTENCIA A LA INTEMPERIE

El tejido Solar Pro es tintado directamente en la masa de la fibra acrílica, asegurando una óptima resistencia del color a los rayos UV y garantizando la durabilidad del color y la resistencia a la intemperie a lo largo del tiempo.

No hay comparación con los procesos ordinarios de tintado, en los cuales se tinta simplemente el hilo del tejido, por lo cual el tinte sólo penetra superficialmente en las capas externas y el color no resiste el paso del tiempo.

Colour fastness after 10 years

Solidez del color a los 10 años

ENERGY SAVING

Choosing a suitable solar protection fabric significantly improves the energy performance of buildings, contributing to a reduction in energy consumption during the hottest months.

AHORRO ENERGÉTICO

Elegir un tejido de protección solar adecuado mejora de forma importante al rendimiento energético de los edificios, contribuyendo a una reducción del consumo energético durante los meses más calurosos.

5

EASY CLEANING AND MAINTENANCE

The Sauleda Fabric Protector coating on our fabrics creates a barrier effect, strengthening water-repellency and retarding the adherence of dirt.

These fabrics require little maintenance: just follow our five basic tips:

- ✓ Remove the dirt from the fabric regularly with a soft brush.
- ✓ If necessary wash with a sponge, neutral soap and water at a maximum temperature of 30° C. Rinse with water.
- ✓ Always let the fabric dry completely before rolling it up or folding it.
- ✓ Do not use abrasive products.
- ✓ In the winter, store the awning in a cover.

FÁCIL LIMPIEZA Y MANTENIMIENTO

El acabado Sauleda Protector aplicado para los tejidos Sauleda repele el agua y la suciedad, haciéndolos muy fáciles de limpiar y mantener año tras año.

Mantenimiento sencillo: siga nuestros cinco consejos básicos:

- ✓ Aspirar la suciedad periódicamente.
- ✓ Si es necesario, limpiar con jabón neutro, esponja y con el agua máxima a 30 °C. Aclarar con agua.
- ✓ Siempre dejar secar totalmente la lona antes de enrollar o plegar.
- ✓ No utilizar productos abrasivos.
- ✓ En invierno, guardar el toldo en una funda.

4

UP TO 10 YEAR WARRANTY

Sauleda has tested the durability of its fabrics and we offer a warranty policy to our clients. After many years, checks and tests have been performed in prestigious laboratories, the results show that Sauleda fabrics last longer than the years indicated in the warranty. Therefore, we offer a warranty of up to ten years in the case of normal exposure to the sun and to atmospheric agents.

What does the warranty cover?

The warranty covers any unusual wear and tear of fabric or colour and it is applicable as of the date of the awning installation. Check warranty conditions at www.sauleda.com

GARANTÍA HASTA 10 AÑOS

En Sauleda hemos contrastado la durabilidad de la lona y por ello podemos aportar una política de garantía para nuestros clientes. Le ofrecemos hasta diez años de garantía en caso de una normal exposición al sol y a los agentes atmosféricos.

¿Qué cubre la garantía?

La garantía cubre un anormal deterioro de la fibra y el color de la lona y empieza a contar desde la fecha de instalación del toldo.

Ver condiciones de la garantía en [www.saleda.com](http://www.sauleda.com)

The big 5 areas

Las 5 grandes áreas

1

SOLAR PROTECTION/ PROTECCIÓN SOLAR

Performance fabrics that offer solutions in all those situations where it is necessary to have solar and thermal protection. 100% solution-dyed acrylic.

Tejidos para protección solar. 100% acrílico tintado en masa. Ofrecen soluciones en toda situación donde sea necesario disponer de una protección solar y térmica.

2

TECHNICAL FABRICS/ TEJIDOS TÉCNICOS

Coated polyester fabrics for multiple applications. The Technical division aims to offer resources that are in pace with the evolution of the market in different fields.

Tejidos técnicos recubiertos para múltiples aplicaciones industriales, decorativas y domésticas. Toldos de camión, agricultura, impermeabilización, protección solar, arquitectura textil...

3

NAUTICAL FABRICS/ TEJIDOS NÁUTICOS

Do you want the best results for multiple uses in the nautical sector? Discover the Nautic luxury acrylic fabrics range.

Tejidos acrílicos para los múltiples usos del sector náutico. Diseñados para soportar las duras condiciones del entorno marino.

4

SCREENS AND CURTAINS/ SCREENS Y CORTINAS

Screens and curtains for indoor and outdoor use. A new range of luxury solar protection fabrics that is focused on thermal and visual comfort.

Screens y cortinas tanto para el interior como para el exterior de los edificios. Descubre la nueva gama de tejidos de protección solar Premium.

5

OUTDOOR UPHOLSTERY/ TAPICERÍA DE EXTERIOR

Outdoor upholstery fabrics. Discover a luxury acrylic fabrics range for décor and upholstery that gives optimum results.

Tejidos acrílicos para tapicería de exteriores. Soportan las duras condiciones del exterior y hacen frente a los entornos más exigentes.
